

Wood's Outdoor Adventures

What To Bring

We want you to have a great day on the river. This starts with being prepared with a few things that the guide won't be able to help you with. We want you to be comfortable at all times during your trip. Your clothes will vary by season, but always remember that you will be wading in or floating on a cold river. You will be dry, but the water temperature is cold, so make sure you bring layers, no matter the season. Having layers will make your day much more enjoyable!

We have put together a list of things required and/or recommended for your trip. As always if you have any questions feel free to contact David (see below)

See you on the river!

David Wood

For all trips:

- Polarized sunglasses, sunscreen, chapstick
- Rain jacket and fleece
- Water bottle
- Snacks and/or lunch
